

THE COUNCIL FOR TOBACCO RESEARCH-U.S.A., INC.

SUPPORTING BIOMEDICAL INVESTIGATION

900 THIRD AVENUE
NEW YORK, NY 10022
(212) 421-8885

June 17, 1993

JAMES F. GLENN, M.D.
CHAIRMAN OF THE BOARD
CHIEF EXECUTIVE OFFICER

Ms. Lynn Serra, Development Manager
The New York Academy of Sciences
2 East 63rd Street
New York, New York 10021

Dear Ms. Serra:

In March of this year, you contacted us relative to potential support for a proposed three day conference on "Functional Diversity of Interacting Receptors" to be held in Washington, D.C. in May, 1994.

It gives me great pleasure to advise you that our Board of Directors and our Scientific Staff have both voted unanimously to offer the support which you seek.

We will be pleased to make a contribution of \$50,000 toward your budget of more than \$90,000. In return, we would ask that The Council For Tobacco Research-U.S.A., Inc. be given appropriate and identifying credit as the major sponsor of this particular meeting, such acknowledgement to appear in the program and in any printed materials which result from the conference. Please acknowledge to me that such recognition will be afforded.

Further, because of the nature of the conference and its scientific interest to us, we would appreciate it if you would reserve four registrations for members of our Scientific Staff, who will wish to attend the meeting. Please confirm that this will be possible.

Again, we are extremely happy to be able to support you in this manner and we congratulate you on what promises to be an outstanding scientific event.

Cordially,

James F. Glenn, M.D.
Chairman of the Board
